

TRAVEL INSURANCE

There are various reasons why you should consider obtaining travel insurance to protect your investment. Unfortunately, unexpected events can prevent you from traveling, as well as cost you a lot of money. **All deposits and payments to Luxe & Life Travel Group, LLC are non-refundable and non-transferable.** This is because we have contracts with our vendors and suppliers that must be fulfilled.

For this reason, we strongly recommend that you obtain several travel insurance quotes to see what fits both your needs and your budget. **“Cancel for any reason” insurance is optimal, but it usually must be purchased soon after placing a deposit or booking a trip (typically within a 10-14 day window).** This will cost a little more, but it will leave you better protected and with peace of mind. If you do not get “cancel for any reason,” please make sure you read all terms of your policy very carefully. Make sure you understand what scenarios and events are covered, and those that are not. If you have questions, you will need to contact the insurance company directly.

** Please note: We **REQUIRE** travel insurance for all **international** trips and those outside of the **contiguous U.S.** You are free to pick which type of policy, but we will require proof to be submitted.

**A few that we recommend are: Faye Insurance, Travel Guard, Allianz, and TravelEx. Feel free to search the internet for other companies or to get referrals from friends and family.
